

CrushDiscovery

"I'm attracted to my friend.
Not sure they feel the same..."

Discover your crush *anonymously*.

How it works:

Crush Selection

Select your friend or friend-of-friend from Facebook to add as a crush.

Crush Lineup™

Your crush receives a line-up of potential friends for consideration. You are *anonymously* inserted into that line-up. Your crush won't know it was from you.

Match Alert

Your crush selects line-up friends that they're attracted to. You're alerted if you're picked or not. *Your crush remains a secret either way.*
